Experience

To pursue a challenging career in an esteemed organization where we can utilize and enhance my knowledge and skills for the development of both the organization and myself. Through my academic projects, I have gained practical experience and honed my skills in web development.

Technical Skills

Programming Languages : Basic Java, HTML, CSS, JavaScript
Backend/Frameworks: Oracle,MySQL,BootStrap , NodeJs
Developer Tools: Git, Github, VS Code, SublineTest,Android Studio, Netbeans

AcademicProjects

Library Management System | *Java|JavaFX|JSON|JDBC* |— **(Link)**   **(June 2023)**
- This library management system is only used in the JAVA and JDBC programming languages. It is accessible only to Students or Librarian.
- In this library, first student registration then use the library facility function.
- We mostly use five packages Book, Person, Exception, Main, and Transation. A librarian can view all student information/ view all transactions.

Simple Quiz App | *HTML|CSS|JSON|Python|Mysql* |— **(Link)**   **(june 2023)**
- It is just like a Quiz website.
- We provided some Questions and options user selected the answer and then he clicked the Next Button. Answer the next answer.

Content Management | *HTML,CSS,JavaScript,PHP* |— **(Link)**   **(Aug 2023)**
- It streamlines content creation, editing, and publishing processes, reducing manual effort and saving time.
- it facilitates collaboration among content creators, editors, and reviewers.
- A well-structured content management system ensures consistent branding and messaging across all content.
