Experience

To pursue a challenging career in an esteemed organization where we can utilize and enhance my knowledge and skills for the development of both the organization and myself. Through my academic projects, I have gained some work experience and honed my skills in Java &web development.

Technical Skills

Programming : 'Basic Java', 'HTML', 'CSS', 'JavaScript'
Backend: 'Oracle', 'MySQL', 'BootStrap', 'NodeJs',' PHP'
Tools: 'Git', 'Github', 'VS Code', 'Android Studio', 'Netbeans'

AcademicProjects

Library Management System | Java|JavaFX|JSON|JDBC |— (Link)   **(June 2023)**
- This library management system is only used in the **JAVA and JDBC** programming languages. It is accessible only to Students or Librarian.
- In this library, first student registration then use the library facility function.
- We mostly use five packages Book, Person, Exception, Main, and Transaction. A librarian can view all student information/ view all transactions.

Simple Quiz App | HTML|CSS|JSON|Python|Mysql |— (Link)   **(June 2023)**
- Designed and developed a user-friendly quiz application using Python for the backend and MySQL for data storage.
- We provided some Questions and options. The user selected the answer and then clicked the Next Button. Answer the next answer.
- Created a database schema to store quiz questions, answers, and user results.

Content Management | HTML,CSS,JavaScript,PHP |— (Link)   **(Aug 2023)**
- It streamlines content creation, editing, and publishing processes, reducing manual effort and saving time.
- it facilitates collaboration among content creators, editors, and reviewers.
- A well-structured content management system ensures consistent branding and messaging across all content.

Bakery Supply Management | HTML,CSS,JavaScript,PHP |— (Link)   **(Aug 2023)**
- In this section, provide a concise summary of the project. Explain its scope, purpose, and any relevant details that set the context for your role in managing bakery supplies.
- Managed inventory of bakery ingredients and supplies, ensuring adequate stock levels for daily operations.
- Highlight any specific achievements or outcomes of the project, such as cost savings, improved efficiency, or increased customer satisfaction.

INTERNSHIPS & COURSE

Lakshya Institute of Technology, Bhubaneswar | Java|—(Link)   **(April 2023 - June 2023)**
- I completed an intensive Java training program at Lakshya Institute of Technology, Bhubaneswar. During this dynamic learning experience, I delved into **Java programming** with a focus on practical applications. We tackled real-world projects that sharpened my problem-solving skills and allowed me to work on diverse software challenges.

ahyaacademy | Web Development Pro Intern—(Link)   **(Nov 2022 - Feb 2023)**
- Designed a responsive travel website from scratch using **HTML, CSS, JavaScript, jQuery, and Bootstrap**. This internship at Ahya Academy provided hands-on experience, allowing me to tackle real-world projects and develop strong problem-solving skills.
- It was a valuable learning journey, enhancing my web development expertise and preparing me for future challenges in the field.

Internshala Trainings | Web Development Intern|—Link **July 2022 - Sep 2023**

- I successfully concluded my Web Development internship at Internshala, gaining practical experience in a diverse set of web technologies, including HTML, CSS, Bootstrap, JavaScript, **PHP, DBMS, and React**.
- Engaged in real-world projects and problem-solving activities through Internshala's " **PGLife**" program. This experience has sharpened my web development skills, preparing me to tackle complex projects and contributing to my career growth in the field.
